## D. Change of Duration

Once you applied for a CoE duration it is not possible to ask for a change of duration. If you applied for 1-year, your visa will be for 1 year and you have to pay either the 1-year course fee or at least the 2 installments fees. You are not allowed to shorter your duration once your application is sent to the immigration.

\* Registration fee will not be refunded in any cases.

\* Refund for 1 year course will be made only after we have the proof you went back to your country and you returned your resident card.

\* If you get a refusal of visa at the Japanese Embassy or when entering in Japan, there won't be any refund at all because it is on your own responsibility.
